GRAND ESTATES WINDOW

**Grand Estates
ETC STARTER Glass Package:**

3/4" IGU

INTERCEPT SPACER SYSTEM

ARGON GAS FILL

**2 SURFACES of SOFT COAT
LOW E**

***GUARANTEED**
to meet or exceed the requirements for
the new ETC (energy tax credit).

STYLES: *Double Hung, Slider & Picture Window

*Grand Estates double hung windows that qualify for the energy tax credit with the ETC Starter glass package are only available without reinforcement. Therefore, max double hung window sizes available are 44" w x 63" h and 36" w x 72" h.

Double strength glass is NOT available in the ETC Starter glass package (so tempered glass is not an option. Tempered glass is available on Grand Estates Prem Plus double hung windows ordered with select ETC glass packages)

Products ordered with capillary tubes will not meet energy tax credit qualifications.
